MagicStream Laminars create totally clear, uniform arcs of moving water that originate from either your pool deck or surrounding landscape. At night, these translucent streams are brilliantly coloured with a LED light source.

Water streams are easily adjusted to create different heights and arc shapes.

Installation is made flush to your deck or other preferred surface. No unsightly or unsafe edges, just the magic of water erupting from a hidden source while keeping your deck clean and easy to maintain.

The result is a water effect that adds an elegant bit of entertainment to your poolscape. It is fully compatible with the IntelliBrite line of LED pool lights and the EasyTouch® or IntelliCenter® Automation Systems.
